Added Advantage Certificate of Deposit (CDs)		
LENGTH	MINIMUM	INTEREST COMPOUNDED
18 month 30 month	\$2,500 \$2,500	quarterly quarterly
18 MONTHS: you have the option to increase your interest rate once during the term.* 30 MONTHS: you have the option to increase your interest twice during the term.* At the time you increase your rate, you may add \$1,000 or more to the CD.		

Please visit our website or call us for our current interest rates and annual percentage yields.

\$25 minimum opening deposit required on all accounts.

¹ Your interest rate and annual percentage yield may change at any time at our discretion. Interest begins to accrue no later than the business day we receive credit for the deposit of non-cash items (for example, checks). Interest will be compounded daily and credited to your account on your monthly or quarterly statement. We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day. Fees may reduce earnings.

² This is a tiered rate account. Your interest rate and annual percentage yield may change based on the daily balance in your account.

³ Average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

* Your rate increase must be a rate we are currently paying on the Added Advantage Certificate of the same term.
